For the convenience of those who do not bind back copies, the following table shows the numbers of the pages contained in every issue of THE RAILWAY GAZETTE and its Supplements from January 5 to June 28, 1940. *Diesel Railway Traction Supplements* are indicated by the letters D.S., and *Electric Railway Traction Supplements* by the letters E.S. These two Supplements are paged separately and page references to their contents are prefixed in this index by the letters D and E, respectively. The issues marked with an asterisk contain a Road Transport Section.

The *Electric Railway Traction Supplement* has now been discontinued as a supplement; henceforward, articles illustrating and describing development in electric traction will appear as a four-weekly section of THE RAILWAY GAZETTE.

In future the *Diesel Railway Traction Supplement* is being published separately, price 1s., and issued on the first Friday of every month.
